

# Sequachee Valley News.

VOL. 4.

SEQUACHEE, TENN., THURSDAY, OCT., 1, 1896.

NO. 13

## LOCAL.

A welcome rain Sunday night. Dallas Dixon was in town Monday. Patronize the News job office for neat, nice work.

J. T. Byrum moved to South Pittsburg Friday.

Several Jasper people attended the revival last week.

S. P. Pryor attended the Presbytery at Whitwell last week.

Jim Thornton is again at work in the foundry at the Valve Works.

He who in business would rise, Must stick to work and advertise.

J. M. Richie arrived here Friday evening. He is visiting Will Lee's family.

A car-load of convicts were carried up to Inman Thursday afternoon.

Henry Kent is hard at work on his new house. He expects to move in this winter.

Mr. W. A. Turner, of Victoria, paid our office a pleasant visit on business Friday.

The Valve Works force is at work this week on a 'hurry order' for six tuyeres for T. C. & I. Co.

The Senior Editor of this concern and Henry Kent, builder, went to Whitwell on business Wednesday.

Mrs. L. W. Gabel, we regret to hear, has been quite sick for the past few days, but we hope not seriously.

Mathew Pryor spent Sunday at his home in this burg. He has struck a pretty good job at Whitwell.

The Harriman Hornet borrowed from our columns in its last issue and did not give us credit which is not the proper caper.

Col. M. B. Wickersham and daughter, of Mobile, Ala., arrived on a visit to the Misses Gustafson, Wednesday evening Sept. 23.

Don't forget to mail a copy of the News to your absent friends and relatives. It cost so little but is worth the sending always.

The revival closed Friday night, Rev. Jacob Houts being obliged to attend the Conference of the M. E. Church, South, at Jasper, Saturday.

We are going to get hens in self-defense for we are tired of raising tomatoes and melons for the poultry of the neighborhood to feed on. Now if somebody will only supply us with a fighting rooster, we will be able to keep the other gallinaceous robbers off.

The Commissioners of Marion County for the Centennial hope to keep interest in their work alive here this winter. No appropriation was made by the County Court, and individuals will have the work to do. —Nashville American Cor. Mont-eagle.

We thank Rev. Jacob Houts for repairing the churchyard gate himself. The condition of the cemetery is such that everyone who has an interest should get rid of the weeds which have got the upperhand during the dry weather. Now let us all take hold and make it what it should be—neat and tidy.

We are almost daily in receipt of commendation for the News and its superiority over the half shell papers. Nothing pleases us so much as to know that the whole of our paper is read.

Mac Burnett proposes to set out an orchard this fall on the land he is clearing in Dixon Cove Good judgment suggests the setting out of fruit trees which with proper care can be relied on generally for a crop.

Mr. J. M. Ables had his household effects packed up ready to move to the farm he has bought near Dunlap but the rain, on Tuesday, prevented his departure. We are sorry to lose the Ables family.

Just think of it the people who invested money in real estate five and six years ago have seen their property decrease 50 per cent. in value. How has the single gold standard helped them? Those who did not invest have their money to day.

### A Dandy Thing to Sell.

I have been doing so well this summer selling combination dipper that I think it is my duty to tell others about it. I have not made as much money as some I read about, but I never make less than \$3 and often \$5 a day; the dipper can be used as a fruit jar filler, a plain dipper, a fine strainer; a funnel; a strainer funnel; a sick room warming pan, and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house, as it is so cheap. You can get a sample by sending, as I did, 18 two-cent stamps to pay postage, etc., to W. H. Baird & Co., Station A, Pittsburg, Pa., and they will mail you a dipper, and you can go right to work. Any one can make \$3 or \$4 a day anywhere. A READER, Sep. 3 1896

### Deed of Assignment.

Chattanooga, Sept. 28.—The Lookout Mountain Improvement Co., with headquarters at Boston, Mass., owners and operators of the handsome Lookout Mountain Inn on Lookout Mountain, filed a deed of assignment here to-day. Alex. W. Chambliss, their local attorney, was named as trustee. The document was filed for the benefit of local creditors. Manager Gibson states that the assignment is due to a dull business and failure to meet certain obligations. This is one of the handsomest hotels in the South, and a famous summer resort. As a result of the assignment there is much speculation as to the future of the hotel. The property is valued at over \$300,000, while the indebtedness is not stated. John P. Sanborn, of Boston, is president of the company.

### Church Dedicated.

Sunday last was a red letter day in the Cumberland Presbyterian Church at Whitwell, it being the occasion of the dedication of their beautiful new church which was filled to repletion. The services were under the charge of the pastor, Rev. J. M. Wooten, and the sermon was preached by Rev. B. G. Mitchell, D. D., of Chattanooga, which, we are told, was a scholarly effort. We congratulate the people of Whitwell upon the completion of this church and hope it may mean to pastor and people much prosperity.

## Victoria.

Dr. J. R. Gott was in town Saturday.

Mr. G. M. Brown was in town Sunday.

Miss Laura Turner went to Whitwell Sunday.

Mr. Sell Shelton and family left Monday morning for Urbana, Ill., where they will make their future home.

Miss Ellen Gott, of Oak Grove, is visiting her sister, Mrs. Tom Turner, this week.

Miss Rittie Kilgore tell from a porch last Sunday and broke her right arm.

Mrs. Luke Davenport has returned from a visit to relatives at Chattanooga and in Georgia.

Miss Icie Gott was visiting her cousin, Miss Dollie Dunwoody, at South Pittsburg last week.

Mr. George Lawnehore is moving his family back to South Pittsburg. We regret very much to have him go.

A. W. Lewis, Bruno Poel and Jim Mosier went to South Pittsburg last Saturday night to hear the joint debate between Marchbanks and Ownby, but were disappointed in both cases.

Prof. Hunter, of the Pryor Institute at Jasper, was here last Friday night, and went on to Whitwell Saturday to attend the Presbytery and returned to Jasper Sunday so as to be at quarterly conference.

### L'ANGLAISE.

### A Churn that churns in One Minute

I have been in the dairy business all my life and have many times churned for an hour before butter would appear, so when I heard of a churn that would churn in a minute, I concluded to try it. Every day for a week I used it, and not only could I churn in a minute but I got more and better butter than with the common churn. This is very important information to butter makers. The churn works easily and will churn an ordinary churning in less than 60 seconds. I have sold two dozen of these churns in the past month. Every butter maker that has seen me churn in less than a minute has bought one. You can obtain all desired information regarding the churn by addressing J. F. Casey & Co., St. Louis, Mo., and they will give you prompt and courteous attention.

### A DAIRY MAN.

### How a Woman Paid her Debts.

A lady in Lexington says: "I am out of debt; and thanks to the Dishwasher business. In the past six weeks I have made \$530.00. Every house-keeper wants a Dishwasher, and any intelligent person can sell them with big profit to himself. The Dishwasher is just lovely; you can wash and dry the family dishes without wetting your hands. You can get particulars by addressing the Mound City Dishwasher Co., St. Louis, Mo. There is big money in the business for an agent. I expect to clear \$4,000 the coming year. I need the money, why not make it?" Miss C. E.

## CURIOS!

### The Factory of the Man that Insulted Bryan Destroyed by Fire.

Worcester, Mass., Sept. 27.—Considerable excitement has been caused in this city by the fire in the underwear factory of William H. Burns & Co., on Salem Square, early this morning. Burns is the man who displayed the red flag of anarchy on the front of his building with Bryan's portrait on it when the presidential candidate visited the city last Friday. This action caused a great deal of unfavorable comment.

An investigation made to-day by State Fire Marshal Holt and Chief Engineer Vaughn, of the fire department, convinces them that the fire is of an incendiary origin, as evidence of kerosene having been sprinkled around the room is very manifest.

One interesting episode of the fire was the following telegram sent within half an hour after fire was discovered to Mr. Bryan, care of Mr. Sewall, at Bath, Me., by Dell D. Morgan, ex-Chairman of the Democratic City Committee:

"Thank God, justice receives her just dues. Burns' underwear factory, which displayed the red flag in your honor Friday afternoon, is in flames."

### A Chance to Make Money.

I have made \$1,640 clear money in 87 days and attended to my household duties besides, and I think this is doing splendid for a woman inexperienced in business. Anyone can sell what everyone wants to buy, and every family wants a Dish Washer. I don't canvass at all; people come or send for the washer, and every washer that goes out sells two or three more, as they do the work to perfection. You can wash and dry the dishes in two minutes. I am going to devote my whole time to this business now and I am sure I can clear \$5,000 a year. My sister and brother have started in the business and are doing splendid. You can get complete instructions and hundreds of testimonials by addressing the Iron City Dish Washer Co., Station A, Pittsburg, Pa., and if you don't make lots of money it's your own fault. Mrs. W. H. Sep 3, 1896

### The Best After Dinner Pill.

Hood's Pills aid digestion, prevent that feeling of fullness and gently, yet effectively, assist in the assimilation and digestion of food. They do not gripe or pain, and they do not weaken the body. On the contrary, they have a strengthening and stimulating effect. They rouse the liver, prevent sickness and cure sick headache. Hood's Pills are purely vegetable, perfectly harmless and may be used safely by delicate women and children.

### Gold at Montegale's.

Monteagle, Sept. 26.—Gold has been discovered on the mountain near this place. The matter has been kept dark until further developments. Two sample pieces of conglomerate have been assayed, which yield 7.34 and 7.37 to the ton. A shaft has been sunk through the sandstone, and a reef struck that looks promising. If the expectations of the owners be realized, Monteagle will have another strong point in its favor.

## Political Prognostications.

The following figures were made from Democratic and Republican standpoints and have been carefully considered. It will be noticed that if McKinley is given the doubtful states in toto and one-half of the fusion states in addition to his regular vote, he will only step in by a majority of five votes.

For Bryan.	For McKinley.
Alabama.....11	Mass.....15
Arkansas.....8	Penn.....32

Total Bryan.....231

### Stove Works Burned.

Chattanooga, Sept. 28.—The mammoth plant of the Chattanooga Stove Company, owned by the Cleveland (Ohio) Co-operative Stove Company, was totally destroyed by fire to night at 7:30 o'clock. Flames were discovered in the boiler room of the establishment and were quickly communicated to the main building, a five-story brick structure covering about an acre of ground. This building contained the mounting and finishing departments as well as the made up stock. On the fourth floor were many thousands of dollars' worth of patterns. The building was gutted. The foundry department was also damaged slightly. The damage is estimated at \$25,000. Fully insured.

### Good, Very Good.

"Autumn leaves are falling fast" and as yet there has been no frost here to turn or detach them from the parent stem. Their fall is simply the evidence of decay and their blush "the hectic of a dying year." —Woburn, Mass., Journal.

SCHOOL TABLETS for sale at this office.
